Katrina

CBF Situation Report 08/30/05
David Harding
Disaster Relief, CBF - National
Phone: 407-435-2112

Assessments today (Tuesday) have shown the catastrophic nature of the aftermath of Katrina. We are not a search and rescue operation, so we will wait for the all-clear from local authorities to enter impacted communities. Our focus will be on assisting Lynn Hawkins, Coordinator for CBF Louisiana and Steve Street, Coordinator for CBF Mississippi to establish a volunteer operation center in each state. Mart Gray, Coordinator of CBF Alabama has determined that there is not a need for such a center in Alabama and they will turn their attention to the other states. The purpose of the volunteer centers will be to offer services in basic debris removal and temporary weatherproofing to CBF communities. The first option for staging areas will be in a community where there is a CBF church or partner. Church members, their neighbors and adjacent communities can be served. It will be up to the State Coordinator and local pastors to decide on any expansions based on available resources.

Timothy Wood is in position to control the flow of volunteers and GIK based on assessed needs and invitations from the State Coordinators. A green light from the State Coordinators or their designee will be required before dispatching volunteers or GIK. All inquiries for volunteers and GIK should be directed to Timothy.

Donations are being requested for deposit in CBF Global Missions Hurricane relief account #17004 and can be done online or by mail.

Advance teams are in place to assist the States in establishing the centers:

The MS Team will be led by Ken Corcoran from FBC Columbus, GA. He will be assisted by Tommy Deal CBF Florida, Patrick Mahoney of New Hope Baptist Florida and John Mitchell CBF Alabama. This team can leave as early as Friday, Sept 2.

Staging areas discussed include Jackson, Meridian, and Hattiesburg.

The LA Team will be led by Paul Thibodeaux, CBF field staff based in Atlanta. He will be assisted by Phil and Diann Whisnand, CBF field staff currently in TX. Also invited to assist are Jim Rich, Darrell Smith, and Rick Sample, all CBF field staff currently based in the States. This team can leave as early as Monday, Sept 5. Staging areas discussed include Baton Rouge and Houma. It will be weeks before New Orleans is accessible.

There will be enough work to last many years in these communities. Each team leader will work with the State Coordinators to determine exit strategies as part of the operation start up. A mentoring process will be used to develop capacity for disaster response in each CBF church selected as a staging area, so volunteer participation from these churches is crucial. Each response takes on a life of its own and we should be prepared to flex and learn as we go.

Prayer for the victims is our first response of love followed by what we can do practically to help based on who we are and what we have.

There continues to be a strong need for a medical mission in the Tea Plantations of Kerala, India. At the present time Kunjumon Chacko sees the need for at least six medical clinics in this one particular area. Some physicians who have previously been in

this area know the need is tremendous, as this is a place where unemployment is rampant. There is also a need to continue to train pastors throughout India who relate to India Baptist Theological Seminary.
